

Appl. No. : 09/981,783  
Filed : October 17, 2001

### REMARKS

Attached is a Supplemental Amendment to Claim 1 as amended in Applicants' Amendment dated February 25, 2004 in response to the Office Action of December 9, 2003. Claim 1 is amended to reinsert the term "zone" throughout the claim, which term was deleted in Applicants' previous Response. Applicants are reinserting the word "zone" to provide antecedent basis for Claims 30-41, ultimately dependent on Claim 1, and which recite mass density zone or zones.

With respect to the Amendment dated February 25, 2004 in response to the Office Action of December 9, 2003, Applicant received a telephone call from the Examiner in June indicating that no response to the Office Action had been received. However, Applicant had filed a response on February 25, 2004 and received a postcard from the Patent and Trademark Office stamped March 1, 2004 acknowledging receipt of the Amendment. On July 6, 2004, a copy of the Amendment, transmittal documents, and the postcard were sent via facsimile to the Examiner's attention. In a telephone message on July 27, 2004, Examiner Machuga indicated that he had still not received a copy of the Amendment. Accordingly, copies of the Amendment, transmittal papers therefore, and the acknowledged postcard are all enclosed herewith.
